Percent satisfied with school-home relations	64.5%	91.7%	89.2%

*Only students at the highest elementary school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

New Prospect STEM Academy, located in Anderson, South Carolina, serves 514 students in a K-5th grade setting. Instruction focuses on using a balanced literacy approach for ELA, science kits and CORE training. Calendar Math is an integral part of our math program, and a variety of primary documents are used to teach social studies. Most importantly, our school received district approval to become a STEM magnet school for 2012-2013. A certified STEM teacher develops inquiry lessons to help develop critical thinking skills. This becomes an overlay over the district's Approved Curriculum in all content areas. Also, all students receive weekly instruction in music, physical education, computers, media center, and art. Guidance is a part of our school's curriculum with Character Education and Bullying Prevention as an emphasis. As a response to intervention, we offer Reading Recovery and ERI to K – 2nd graders, and a certified teacher serves as an interventionist in Grades 3-5 in Reading and Math instruction. Our 21st Century Afterschool Program serves 130 students receiving additional instruction before and after school from our certified teaching staff. Kindergarten students benefit from the Morning LEAP Peer-Teaching Program that is done by fifth graders. All faculty, staff, and students benefit from an instructional facilitator and an assistant principal. We also have a full-time nurse and 1.5 guidance counselors to address the health and emotional needs of all students. We encourage student academic excellence through the use of Accelerated Reader and the Order of the Scroll Writing Awards. Gifted and Talented students in grades 3 – 5 receive instruction from an itinerant teacher weekly, and we have K-3 EMD classes on campus. Our school motto is, "We are the High Flying Jets." To celebrate student achievement and behavior, we have "Top Jets," "Terrific Kids," and "Double E" Awards. Students also benefit from a number of extension activities such as Student Government, Turbo Jets, Science Club, Beta Club, Robotics, a Writers' Guild for Fifth Grade Resource Students, Step and Dance, and Strings. Other opportunities include Jazzy Jets Chorus, Family Nights, Book Fairs, Movie Night, Running Club and Skate Nights. Most recently, New Prospect received recognition with silver flags for Closing the Achievement Gap and Student Performance. Our challenge is to empower children to achieve their potential in a diverse, safe, innovative, and caring environment while preparing them to be lifelong learners and productive members of society. A major goal is to provide our children opportunities to excel in all subject areas through the use of a STEM centered approach to learning. Each year at New Prospect is always better than the year before, and not as good as the year to come.

Dr. Jerome Hudson, Principal □□ Nancy Hanley, SIC Chair
